

BEST UNIFORM

BY

A N G E M I L A N O

Since its establishment in 2010, the **ANGE MILANO** Fashion House has specialized in the design and production of elegant, high-quality business clothing.

Our formalwear division under the **Best Uniform** brand is leading supplier to 4 and 5 star hotels, airports and major companies. Our core business covers a wide range from design to garment production.

We can cater to all segments for the workwear market with our individually designed uniforms.

Our product range includes both serial and tailor-made models, and our CAD design software allows for the high-quality customization of made-to-measure garments. Our Italian designed garments include uniforms made from non-iron and nanotech materials.

Our high-quality products are the result of our in-house developed, durable easy care materials and a self-owned British sewing workshop with a 30-year history and modern machinery.

What we offer:

- High quality, fashionable and extremely comfortable uniforms made from certified materials.
- Tailor-made quality, designs and tailored to the customer's shape.
- Non-iron and nanotech materials that are easy to handle and have a long wear time.
- Wide selection of materials.
- Coordination of the entire workwear project from design to finished product.
- Custom design.
- Screen printed or embroidered logos on product.
- Short and punctual delivery time.

Our aim is to contribute to the success of our partners with our products.

"BEST FOR SUCCESS"
